FLOREAN MUSEUM

MAIL-ART PROJECT MANIFESTO

CE NU IMI PLACE

Ce bine e sa desenezi toate lucrurile care nu iti plac...Nu ma intrebati de ce ca nu o sa va pot raspunde fiind timid din fire si blocat emotional.

Mie personal nu imi plac urmatoarele lucruri: nu imi place pestele, nu imi place sa merg cu avionul, nu imi place branza de capra, nu imi plac serviciile secrete, nu imi place culoarea rosu, nu imi plac femeile cu par negru, nu imi place laptele, nu imi plac mincinosii, nu imi plac paradele de moda, nu imi plac masinile frantuzesti, nu imi place spanacul, nu imi place ploaia, nu imi place zapada, nu imi place sportul, nu imi place iarna, nu imi place sa imi fac pantofii, nu imi place clima temperat-continentala, nu-mi place vinul rosu si nici de Franz Liszt nu sunt foarte interesat...

Sunt lucruri care nu se pot desena, cum ar fi „riscul” care este de mai multe feluri... Eu l-am desenat totusi si daca sunt persoane care vor sa vada cum arata nu au decat sa imi solicite acest lucru. Majoritatea lucrurilor insa sunt facute in asa fel incat se pot desena sau povesti...Este greu de desenat un nas rosu? Nu, sunt greu de desenat ochii sclipind (stiti de la ce?) nu. Pai atunci daca totul e asa de simplu astept de la voi cat mai multe MAIL-ART-uri trimise prin posta normala pana in 30 ianuarie 2010 pe adresa:

WHAT I DON'T LIKE

It is so well to draw all the things that one doesn't like....Don't ask me why because I can't answer you as I am shy by nature and emotionally blocked.

Personally, I don't like the following things: I don't like the fish, I don't like the plane, I don't like the cheese of goat, I don't like the secret services, I don't like the red colour, I don't like the women with black hair, I don't like the milk, I don't like the liars, I don't like the fashion parades, I don't like the french cars, I don't like the spinach, I don't like the rain, I don't like the snow, I don't like the sport, I don't like the winter, I don't like to do my shoes, I don't like the temperate continental climate, I don't like the red wine and neither after Franz Liszt I am not so interested...

There are also things that can not be drawn such as „the risk” which is of many kinds... However I have drawn it and if there are persons who want to see how it looks like, they have only to ask me. But most of the things are made in such a way that they can be drawn or told...Is it difficult to draw a red nose? no, it is difficult to draw the sparkling eyes (you know why...) no. Well, if everything is so simple I'm waiting as many works of MAIL-ART as possible from you, sent by mail before the 30th of January 2010 (Stamp Date) on the following address:

**MUZEUL FLOREAN
PO.BOX-1, postal 9,
BAIA MARE, MARAMURES
