FLOREAN MUSEUM

MAIL-ART PROJECT MANIFESTO

„Ce am in suflet”

Daca vreti sa vedeti ce am in suflet accesati www.cmc.ro/florean_museum/whatihaveinmysoul.php

Daca nu vreti sa vedeti ce am in suflet si vreti numai sa ascultati atunci o sa va povestesc.

In suflet am cer, un cer la care ma uit tot timpul, in suflet am o groapa mare unde cobor din cand in cand sa-mi iau o bere rece, am scari pe care urc si cobor asteptand sa se intample ceva si mai am o lume nedefinita care mi-e draga. Sunt si cateva lucruri marunte care nu stiu exact ce sunt si de aceea le privesc doar si le las in pace.

Tu ce ai in suflet? Daca nu ai nimic deseneaza o pata neagra, daca nu stii sa desenezi atunci fa un text. Daca nu ai chef sa faci nimic atunci fa o stea rosie ca asta e buna tot timpul si suplineste orice...

„What I have in my soul”

If you want to see what I have in my soul access www.cmc.ro/florean_museum/whatihaveinmysoul.php

If you do not want to see what I have in my soul and want only to listen then I will tell you.

I have a sky in my soul, a sky at which I always look, I have a big hole in my sole where I down occasionally just to take a cold beer, I have scales on which I down and climb waiting for something to happen and I also have an indefinite world which I love. There are also small things that I do not know exactly what they are, that's why I only look at them and leave them alone.

What do you have in your soule? If you do not have anything, draw a black spot, if you can not draw then write a text. If you do not want to make anything than draw a red star because this is always good and it repaces everything...
